For an uninterrupted meeting in a stimulating environment, we can provide for your every need.

The house and gardens are regularly used for filming in addition to the two film stages based on site.

As with any media park, the bar has become a hub where all the creative talent on and visiting the site can meet and network.

A beautiful venue for a wedding set in romantic grounds.

Our grand wood panelled rooms with painted ceilings, ornate fireplaces and stained glass windows offer a unique setting for any event.

With our extensive film knowledge we can design an event, product launch or private party to offer that extra spark of excitement.

Any event at the manor can be complemented by excellent food and wine.
